The DARK Story

ψ: Lets write a good story. As in G.O.O.D. And no Link. Or Zelda. Or Ilia. Just Samus.

Chapter 1

Once there was a girl named Samus

ζ: She had lots of property as testing rooms.

α: The rooms hadn't been used for over five years. No one knew why except for the person who owned them.

They were about to be used again.

ψ: Samus, as you may know, is a bounty hunter. This means she needs the most up-to-date supplies. Well, a pirate broke her Power Suit. So she powered up the labs to fix it.

ζ: However as snail said...Oh yes now I remember: Ahem, (in mysterious tone) they were not used for over 5 years so that night, when she used the super titanium/uranium electronic restoring system, it backfired!

α: Dun dun dunnnn! One of the wires in the system had been frayed!

ψ: And because of it, a new menace was born! It was:... DARK SAMUS!

Ψ: {Note} I've been following the storyline pretty well. Now it's time to mix things up!

Chapter 2

ζ: But things aren't as bad as Zat... There's Midna and Kirby! (But Kirby

is making waffles and Midna is at Disney World)

α: Little did people know... that Dark Samus loves waffles!!
